Career Aims

A motivated, adaptable and responsible undergraduate seeking a position in web and software development which will utilise the organisational and communication skills developed through my involvement with my studies and work.

During my degree I successfully combined my studies with work and other commitments showing myself to be self-motivated, organised and capable of working under pressure. I have a clear, logical mind with a practical approach to problem solving and a drive to see things through to completion. I enjoy working on my own initiative or in a team. In short, I am reliable, trustworthy, hardworking and eager to learn and have a genuine interest in technical side of ICT.
